▶ = Enhanced or step-up feature

30070 – T-BAR GEAR CONTROL

Exclusive 'T-Bar' control system is easy to learn and operate. Peerless 5-speed gear drive system with reverse. Hour meter fitted as standard.

30071 – T2 HYDRO CONTROL

Twin lever 'T2' control system with independent choke and throttle controls provide precise starting for operational control. Twin Hydro-gear pumps ensure smooth and easy operation with fast 8.0km/h forward speed. Hour meter fitted as standard.

RUBBER DISCHARGE CHUTE

Flexes to allow close trimming without damaging the chute or landscaping structures.

TURBO FORCE® DECK

Provides strength and durability with its' heavy-duty welded 7-gauge steel construction. A 13mm wear guard on the trim side of the deck and bull-nose bumper have been added for extra strength.

COMMERCIAL-GRADE ENGINES

Delivers many hours of trouble-free life. Twin cylinder design runs smooth and delivers excellent load response.

FLAT-FREE CASTER TYRES

Eliminate time-consuming flats so mowers can spend more time in the field and less time in the shop.
